Prospect Capital Corporation Announces Public Offering of Convertible Notes due 2025

NEW YORK, February 26, 2019 (GLOBE NEWSWIRE) -- Prospect Capital Corporation (NASDAQ: PSEC) ("Prospect") today announced that it is offering, subject to market and other conditions, \$150 million in aggregate principal amount of unsecured convertible notes due 2025 (the "Notes") in an underwritten public offering. Prospect also intends to grant the underwriters for the offering a 13-day over-allotment option to purchase up to an additional \$22.5 million aggregate principal amount of the Notes.

The Notes will mature on March 1, 2025, unless earlier converted, repurchased or redeemed in accordance with their terms. The Notes will be convertible into shares of Prospect's common stock at a conversion rate to be determined. Interest on the Notes will be payable semi-annually in arrears on March 1 and September 1 of each year, commencing on September 1, 2019. The interest rate, the conversion rate and other terms of the Notes will be determined at the time of pricing of the offering.

Prospect expects to use a portion of the net proceeds from the sale of the Notes to repurchase from time to time a portion of its 4.75% senior convertible notes due 2020 (the "2020 Notes"). As of February 25, 2019, the estimated asset coverage of the 2020 Notes was 1556.5%, accounting for Prospect's recent issuances of debt in the amount of \$38.5 million. Prospect's most recently approved net asset value was as of December 31, 2018. The asset coverage ratio is the amount of our total assets, less all our liabilities and indebtedness not represented by senior securities (as defined in the Investment Company Act of 1940), divided by the amount of the 2020 Notes. Accordingly, we advise you that our actual asset coverage ratio may differ materially from these estimates, which are given only as of February 25, 2019, as a result of the completion of our financial closing procedures, final adjustments and other developments, including changes in the businesses to whom we have made loans. Prospect intends to use the remainder of the net proceeds of the offering to repay debt under its credit facility and to invest in high quality short term debt investments, and/or make long term investments in accordance with its investment objective.

Goldman Sachs & Co. LLC, Barclays and RBC Capital Markets will serve as the underwriters for the offering.

The offering of the Notes may be made only by means of a prospectus and a related prospectus supplement, a copy of which may be obtained by contacting: (1) Goldman Sachs & Co.
